IMPORTANT

Please check that your photos meet the standards before you lodge your application. Many clients have their photos taken too far from the camera – your head should take up between 32mm and 36mm of the photo so you may need to stand closer to the camera. Your application will be returned unprocessed if the photos are not acceptable and this will delay the processing and involve added expense. The notes on the application form give examples that we do not accept.

Australian Passport Photo Guide

Your photograph must be at least 45mm x 35mm or larger to be accepted. If your photograph exceeds these measurements **DO NOT** trim it to size.

The size of your head in the photograph must measure from bottom of chin to crown of head 32mm to 36mm (1 1/4" to 1 3/8").

The crown of head is the top of your skull, not the top of your hair.

Additional Photo Requirements
